Hi Omar: when you are done reformatting let me know and I will review next. If it helps, here is the current (and very long) RTC master document that our ESA piece will need to go into.

Hi Omar,  
I just opened the document and it looks like the first comment and response are merged and I'm not sure where the letters following the cited ESA regulation are from. Did you both look at this and it looked fine to you? Because right off the bat, there are formatting problems in my version... Each comment and response should be clearly labeled – for example. ESA Comment 1: [fill in]. ESA Response 1: [fill in] and so forth...

Thanks, Kimi
